Within the scope of the Erasmus program, I had the opportunity to visit many countries and cities. This experience allowed me to explore cultural diversity, develop language skills and adopt an international perspective.

EXPERIENCE

DOĞUŞ TEKNOLOJİ
Data Scientist Intern
July 2023 - Present

- I contribute through collaboration to classification, segmentation, prediction models, and analysis projects. These projects aim to understand customer behavior, optimize business processes, and enable data-driven decision-making. By collaborating across different departments, I contribute to the successful implementation of data science projects.
